“Work keeps me busy late into the fall and a lot of the places I hunt aren’t even close to my house. So when I do have a chance to get away for a couple of days, I need information when I get there and I can always count on my Browning Trail Cameras to do the job while I’m away.”

GREG ZIPPADELLI

Browning Trail Cameras Ambassador and Host at “Drop Zone” (Outdoor Channel)

COMMAND OPS ELITE

Model# BTC-4EX

The Command Ops Elite series of cameras has been updated to deliver big performance in a small package. The crisp **18MP picture resolution** ensures the very best quality pictures of your game, day or night. With fast 0.3 second trigger speeds, you are sure to capture anything that steps out in front of your camera. The Command Ops Elite series also features 720p HD video with sound, to capture the best video of game on your property.

- Compact Case Size 4.5" x 3.5" x 2.5"
- Timelapse Plus Camera Mode
- Compatible with Browning Buck Watch Timelapse Viewer Software

“Because I’m on a tractor most of the fall, I don’t have a lot of time to get out and scout a lot of places. So it’s almost a necessity that my trail cameras are not only dependable, but capture the best quality images and videos possible. That’s why we choose Browning Trail Cameras.”

DON KISKY

Browning Trail Camera Ambassador and Host
at “Whitetail Freaks” (Outdoor Channel)

STRIKE FORCE HD MAX

The Strike Force HD MAX cameras feature an adjustable 0.3-0.7 second trigger speed and 0.6 second recovery time between pictures. The new adjustable trigger speed feature allows you to select the trigger speed that is right for your camera location. Experience high end performance with 18 MP picture quality, and a new video processor that produces incredible quality 1600 x 900p HD+ video clips with sound. The Strike Force HD MAX camera also takes night pictures using our "Zero Blur" technology, which eliminates motion blur from game in your pictures at a range of 100 ft. at night. Other features include SD Card Management options, and Smart IR video, which continues to record video during the day when game is present. The Strike Force HD MAX is also compatible with up to 512 GB SDXC memory cards.

Model# BTC-5HD-MAX

- Compact Case Size 4.25" x 3.25" x 2.5"
- Timelapse Plus Camera Mode with IR Triggered Images

“Not only am I an avid hunter who uses trail cameras for scouting during hunting season, I also enjoy getting unique trail camera images of different species year-round, so I need a trail camera that will last! From ease of setup and great image quality to long battery life and durability, Browning Trail Cameras are by far the best trail cameras that I have ever used!”

ANDREA ROTHOVE

Browning Trail Cameras Ambassador and Huntress View Founder and Owner

For the best covert trail camera in the smallest case size, look no further than the Dark Ops HD MAX cameras from Browning. These cameras feature an invisible infrared flash to ensure game or trespassers on your property do not detect the camera while it is capturing images or videos. The Sub Micro case size packs all the performance you would expect with 18 MP picture quality, 1600 x 900p HD+ videos with sound, lightning fast 0.3 - 0.7 second adjustable trigger speeds, and superior battery life. Additional features include SD Card Management options and Smart IR video to keep recording game during the daytime. The Dark Ops HD MAX also features a battery meter that is compatible with Alkaline and Lithium batteries.

Camera Features

- 18 MP
- 80 ft. Flash Range
- 0.3 - 0.7 Second Adjustable Trigger Speed
- Invisible IR Illumination at night (Powersave and Long Range Modes)
- 1600 x 900p HD+ Videos with Sound (5 sec. - 2 min. length)
- 80 ft. Detection Range (user adjustable)

- Battery Meter Functions with Alkaline or Lithium Batteries
- Compact case size 4.25" x 3." x 2.5
- Timelapse Plus camera mode with IR triggered images
- Compatible with Browning Buck Watch Timelapse Viewer Software

“I’m fortunate to get to hunt away from home a few times a year in a few different places, but it’s almost impossible to be able to go scout all of those places before I get there. So that’s why I need great cameras to get the scouting done when I’m not around, and that’s why **I choose Browning Trail Cameras!**”

CARL DRAKE

Browning Trail Cameras Brand Ambassador and Team Hunter at “The Break” (Pursuit Channel)

DARK OPS MAX PLUS

Model# BTC-6HD-MXP

The 2021 Dark Ops HD MAX Plus cameras from Browning feature improved trigger speeds to capture fast moving game on your hunting property. These cameras feature an invisible infrared flash, which is perfect for capturing photos and videos with zero detection from those camera shy bucks. The new Dark Ops Max Plus packs all the performance you would expect with 20 MP picture quality, 1600x900p HD+ videos with sound, lightning fast 0.135 - 0.7 second adjustable trigger speeds, and the ability to take over 15,000 pictures on a set of batteries. Another feature offered is adjustable IR Illumination with Long Range and Economy modes, to custom tailor your camera for open fields or wooded areas. The Dark Ops HD MAX Plus also features a battery meter that is compatible with Alkaline, Rechargeable and Lithium batteries.

Camera Features

- 20 MP
- 80 ft. Flash Range
- 0.135 - 0.7 Second Adjustable Trigger Speed
- Invisible Infrared LED Illumination at Night

- Timelapse Plus camera mode with IR triggered images
- Compatible with Buck Watch Timelapse viewer software

“Anybody that knows us, knows that family is a priority. So during our annual road trip each fall, when we do have a break, I like to head home to spend time with the kids. Obviously, that time is well spent, but it does cut back on the time I am able to scout. So I depend on our Browning Trail Cameras to do the work while I am away, so that I can get in the right spot as soon as I get back to deer camp.”

GINA BRUNSON

Browning Trail Camera Ambassador and Host at “Addicted to the Outdoors” (Outdoor Channel)

RECON FORCE 4K EDGE

The Recon Force 4K EDGE camera features **true 4K UHD video recording @ 30 fps.**, as well as the ability to capture images up to 32MP. This camera also includes adjustable detection ranges from 55ft.- 80 ft., along with 2 adjustable IR flash modes for optimum picture control at night. To help you view images and videos in the field, the Recon Force 4K has a built in **2 inch color display**. Additional features include Smart IR video, which continues to record video footage while game is moving in front of the camera and SD Card Management options which allow you to overwrite older images on the SD card if the memory is full. The Recon Force 4K EDGE is also compatible with up to 512 GB SDXC memory cards.

The Patriot is the newest addition to our dual lens family of trail cameras, featuring military grade invisible infrared illumination technologies. The **Patriot**

trail camera has 2 built in camera sensors and lens arrays.

The sensor and lens combination for daytime photography is finely tuned to deliver clear, razor sharp images and videos in the field during the daytime. The military grade night vision sensor and lens system deliver nighttime photos and videos using invisible Infrared illumination. The Patriot also features a **2 inch color view screen**, adjustable night illumination options and shoots 1080p Full HD videos at up to 60 frames per second. If you are looking for our most feature rich trail camera that operates completely undetectable in the woods, day or night, look no further than the Browning Patriot series camera.

- USB Charging port
- HDMI port connects to your TV for playback
- Store / Playback / Share your videos from the Browning ASPECT CAM App.
- Compatible with Apple and Android devices

ASPECT CAM

Camera Features

ECONOMY CAMERA MOUNTS

Model# BTC-ECM

Now there is an affordable way to quickly and easily install your Browning Trail Cameras in the field. The Economy Camera Mounts easily screws into any tree giving you a perfect mounting platform. Each package contains 3 All-Steel, powder coated screw mounts.

CAMERA T-POST MOUNT

The all new T-Post Camera Mount is the ideal way to mount your trail cameras along the edge of fenced fields. The T-Post camera mount will mount to either side of nearly every T-Post on your farm or hunting property. The adjustable gimbal mount is ideal for aiming your trail camera at the perfect angle in the field. T-Post Mounts are constructed of powder coated steel for maximum life in the field.

Model# BTC-CTM

CAMERA FIELD MOUNT

The new Camera Field Mount is the perfect solution for mounting your trail camera in fields or areas where there are no trees. The rugged powder coated All-Steel field mount easily stakes into any terrain. The field mount can easily mount up to 2 cameras in the field, and features easy to use gimbal mounts to mount your cameras at the perfect angle.

Model# BTC-CFM

TREE MOUNT

Model# BTC-TM

The camera tree mount is the perfect accessory to aid in the placement of your trail cameras. You can now mount your trail cameras to that crooked tree and position the camera perfectly using the built in gimbal mount. The all steel construction ensures there are no plastic pieces to break in the field. The tree mount attaches via a ¼" -20 threaded insert located in the bottom of most Browning Trail Cameras. Not compatible with Defender camera models.

SD CARDS

For maximum trail camera performance, we recommend using Browning brand SD cards in your trail cameras. All of our SD cards are SDHC class 10, ensuring the fastest write speeds for high resolution photos and HD video clips. Our cards are available in 16 and 32GB capacities.

16GB Model# BTC-16GSD
32GB Model # BTC-32GSD

SD CARD READERS

Model# BTC-CR-UNI
Model# BTC-CR-AND

Our SD card readers are the perfect way to check your camera pictures in the field using your tablet or smart phone. Simply plug the card reader into your Apple or Android device and view images on your SD card.

(SD card not included)

Model BTC-CR-UNI (Apple™ devices)

Model BTC-CR-AND (Android™ devices)

SECURITY BOXES

Our camera security boxes have been designed to ensure your trail camera stays where you put it. The all steel construction ensures maximum protection in the field. The added feature of the camouflage exterior makes your camera nearly impossible to detect in the woods. We offer 4 sizes of security boxes to fit specific cameras in our lineup. The security box can be locked using a standard padlock or a Master Lock Python cable (not included). Now available for Defender Wireless. (Not compatible with Defender 850 or Defender 940 cameras.)

Model# BTC-SB
Model# BTC-SB-SM
Model # BTC-SB-DW
Model # BTC-PS-SB

Model# BTC-SB (Spec Ops, Recon Force, Command Ops HD And PATRIOT Series Cameras)

Model# BTC-SB-SM (All Strike Force, Dark Ops and Command Ops Pro camera models)

BTC-SB-DW (fits cellular models BTC-4G-RLDC, BTC-DWC-ATT, BTC-DWC-VZW)

BTC-PS-SB (fits cellular models BTC-DWPS-ATT, BTC-DWPS-VZW)

BATTERIES

Model# BTC-8AA

Our trail camera batteries have been designed to meet the rigorous demands of today's trail cameras. We know that trail cameras are expected to perform across a wide spectrum of temperature extremes and other environmental stresses. Browning batteries are up to the challenge. Our Alkaline batteries are packed 8 AA per pack and are mercury and cadmium free.

SOLAR CAMERA POWER PACK

Model# BTC-SBP12

The New Solar Camera Power Pack is compatible with all of our trail camera models, and provides a constant power source for your camera in the field. The Power pack includes 6 AA NiMH rechargeable batteries that are constantly being recharged by the highly efficient solar cell to keep your cameras running strong in the field. The solar pack mounts easily to any tree, or can be used with our line of camera mounts. The solar panel can be easily adjusted to the perfect angle to maximize solar power output.

POWER PACK

Model# BTC-XB

Our Trail Camera Power Pack will extend the battery life of your Browning Trail Camera in the field. This micro sized battery pack holds 8 AA batteries in the same easy to use battery tray used in the trail cameras. Other features include a built in battery tester and a twist lock plug to lock the power adapter to your Browning Trail Camera. Not compatible with Defender 850 or Defender 950 cameras.
(batteries not included)
