

# BROWNING TRAIL CAMERAS 2023 COMPARISON CHART

## SELECTABLE START/STOP TIMER

A new feature has been added to our Browning Trail Camera lineup after listening to feedback from our customers. The Selectable Start/Stop Timer, also known as the Capture Timer, allows the user more control than ever before, over when the camera will operate. If you prefer to only capture images or video during the day this is now possible, only at night, that's possible too! With this feature the user can program a Start Time and a Stop time giving the camera hours of operation in which it should arm and trigger.

**2023 MODELS WITH THIS FEATURE:**  
BTC-5FHD, BTC-5FHDX, BTC-5PX-1080, BTC-5DCL, BTC-6FHD, BTC-6FHDX, BTC-6PX-1080, BTC-6DCL, BTC-7E-HP5, BTC-8E-HP5, BTC-PATRIOT-FHD

\*These features will be listed on the rear of the box with other camera specs\*
