RECON FORCE
PLATINUM SERIES — FULL HD VIDEO

1920 X 1080 FULL HD WITH AUDIO

BUILT IN 2" COLOR DISPLAY

The new 2016 Recon Force Platinum camera now features a built in 2 inch color display to preview images and videos right in the field. The Recon Force Platinum FHD camera also features the highest quality 10 MP pictures and 1920 x 1080 Full HD video quality. Prepare to be amazed; you can now play back video clips of that giant buck on a 60+ inch TV without losing any clarity. The Recon Force camera uses an infrared flash that will illuminate game in your pictures and videos out to 100 ft. The "Zero Blur" technology shoots pictures at night using the fastest shutter speed to eliminate motion blur from moving animals at night. Additional new features for 2016 include Smart IR video, which continues to record video footage while game is moving in front of the camera, and SD card management options allow you to overwrite older images on the SD card if the memory is full.

CAMERA FEATURES:

- 10MP
- 1920 x 1080 FHD videos with sound (5 sec.- 2 min. length)
- Camo finish
- Infrared LED illumination at night
- 100 ft. flash range
- 55 ft. detection range
- Compact case size 5" x 4" x 2.5"
- Timelapse Plus camera mode, with IR triggered pictures

- 0.67 second trigger time
- Long battery life from 8 AA batteries (not included)
- Up to 8 multi Shot images
- Up to 8 Rapid Fire images

TRAIL CAMERA ACCESSORIES

SECURITY BOX - *Model# BTC-SB*

Our camera security box has been designed to ensure your trail camera stays where you put it. The all steel construction ensures maximum protection in the field. The added feature of the camouflage exterior makes your camera nearly impossible to detect in the woods. The security box can be locked using a standard padlock or a Master Lock Python cable (not included).

TREE MOUNT - *Model# BTC-TM*

The camera tree mount is the perfect accessory to aid in the placement of your trail cameras. You can now mount your trail cameras to that crooked tree and position the camera perfectly using the built in gimbal mount. The all steel construction insures there are no plastic pieces to break in the field. The tree mount attaches via a ¼" -20 threaded insert located in the bottom of every Browning Trail Camera.

SD CARDS -
4GB # BTC-4GSD   8GB # BTC-8GSD
16GB # BTC-16GSD   32GB # BTC-32GSD

For maximum trail camera performance, we recommend using Browning brand SD cards in your trail cameras. All of our SD cards are SDHC class 10, insuring the fastest write speeds for high resolution photos and HD video clips. Our cards are available in 4, 8, 16 and 32GB capacities.

BATTERIES - *Model# BTC-8AA*

Our trail camera batteries have been designed to meet the rigorous demands of today's trail cameras. We know that trail cameras are expected to perform across a wide spectrum of temperature extremes and other environmental stresses. Browning batteries are up to the challenge. Our Alkaline batteries are packed 8 AA per pack and are mercury and cadmium free.

TRAIL CAMERA POWER PACK - *Model# BTC-XB*

Our new Trail Camera Power Pack will extend the battery life of your Browning Trail Camera in the field. This micro sized battery pack holds 8 AA batteries in the same easy to use battery tray used in the trail cameras. Other features include a built in battery tester and a twist lock plug to lock the power adapter to your Browning Trail Camera. (batteries not included)
