2024

PRODUCT CATALOG

“Because we’re in the field harvesting crops most of the fall, we don’t have the time to go out and scout as much as we’d like. That’s why Browning Trail Cameras are so critical to our success. Being able to keep an eye on all of our important hunting spots 24 hours a day, 7 days a week and knowing we can trust those cameras to work, is one of the biggest reasons for our success.”

DON KISKY

Browning Trail Camera Ambassador and Host at “Whitetail Freaks” (Outdoor Channel)

WELCOME

BROWNING®

TRAIL CAMERAS

Browning Trail Cameras are designed and manufactured by an avid group of hunters and outdoor enthusiasts who constantly strive to deliver high performance trail cameras to market through innovation and cutting edge technology. With unmatched quality and performance, once you have used a Browning Trail Camera, you will agree that the experience is second to none.

So please take a moment and let us know how we can meet your trail camera needs this year with our impressive selection of 2024 Browning Trail Cameras. Whether you are looking for our exciting NEW cellular cameras that work on nationwide 4G LTE networks, our ground breaking Radiant Night Illumination Technology, our cutting edge dual lens cameras, or our industry defining HD, Full HD, and UHD video technologies, we have the products you need for a successful 2024.

To further underscore our commitment to customer satisfaction, all of our trail cameras and accessories are created using ingenuity, quality workmanship and the finest materials that are backed by a one year manufacturer's warranty.

With all of those things in mind, it's easy to see why people say: Browning Trail Cameras truly are "The Best There Is".

NEW! DEFENDER VISION PRO HD

The new Defender Vision Pro HD series cellular trail camera is a great scouting camera for your hunting hot spots. Our new **ALL HD ALL THE TIME** feature transmits all of your images in 1080p Full HD. You no longer need to request HD images from your camera. The new photo and video on demand feature allows you to request an immediate picture or video upload from the field. The 4G cellular technology and high gain antenna pair up to transmit more pictures from remote hunting spots to your mobile device or laptop. Industry leading 0.135 second trigger speeds, 110 ft. night illumination range and superior battery life make this camera a real workhorse in the field. The new Vision Pro HD cell camera operates on Verizon or ATT 4G networks for superior reliability.

NEW! DEFENDER PRO SCOUT MAX HD

Model# BTC-PSMHD

The new 2024 Defender Pro Scout Max HD cellular trail camera has been redesigned to offer the very best in picture quality, dependability and cellular connectivity. New for 2024, the **ALL HD ALL THE TIME** feature delivers high quality 1080p Full HD images from the field, giving you better intel from your favorite hunting spot. The new on demand feature allows you to request an instant picture or video from the field. Other features include GPS tagged images, 100 Ft. detection range and the all new high gain antenna system to provide the best signal reception in remote locations. The Pro Scout Max HD can be activated on either the ATT or Verizon network. The autodetect function is able to pick the cellular carrier with the best signal at your hunting property. Invisible IR Illumination insures game or humans can not detect its presence in the field. This camera was designed to run for up to 1 year in the field on a set of 8 AA batteries, and can use SD cards up to 512GB.

RADIANT 4
NIGHT ILLUMINATION TECHNOLOGY

4 HIGH POWER LEDs

“Without a doubt, Browning Trail Cameras are the single most reliable game cameras on the market today. I bought my first one in 2013 and it’s still going strong today!”

DEREK DIRNBERGER

Browning Trail Cameras Brand Ambassador and Chief Hunter at “The Break” (Waypoint TV)

NEW! STRIKE FORCE FHDR

The new 2024 Strike Force FHDR cameras feature a multitude of upgrades, including the **new Gen 2 Night Optics System** along with the Radiant 4 illumination technology. These features greatly enhance the night IR flash modes by delivering greater efficiency in Economy Mode, longer flash ranges in High Power Mode and faster shutter speeds in Fast Motion Modes, resulting in clearer images when game animals are in motion. The HDR image enhancement engine allows you to greatly enhance night images at long ranges. Our adjustable trigger speed feature allows you to select the trigger speed that is right for your camera's location, from 0.135 to 0.7 seconds. Experience high end performance with 26 MP picture quality, and a video processor that produces incredible quality 1080p Full HD video clips with sound. The Strike Force FHDR camera also features SD Card Management options, and Smart IR video, which continues to record video during the day when game is present.

- Compatible with Browning Buck Watch Timelapse Viewer Software

“When we head out on our annual road trip during peak deer season, I head home every chance I get between hunts to see my kids. So I don’t always have a lot of time to scout my next hunt location. And because of that I depend on our Browning Trail Cameras to help me get in the right spot immediately after getting back from quality time with my kids and continue to have successful hunts!”

GINA BRUNSON

Browning Trail Cameras Brand Ambassador and Host at “Addicted to the Outdoors” (Outdoor Channel)

STRIKE FORCE PRO X 1080

The 2024 Dark Ops FHDR camera from Browning features the ability to take HDR night pictures in the field to greatly enhance image quality. The **new Gen 2 Night Optics System** delivers the very best long range night illumination in the field. The new Dark Ops generation also features the all new Radiant 4 Night IR Illumination, in a wavelength that is invisible, and can not be detected by animals or humans. The invisible illumination makes this a perfect camera for capturing that elusive buck, or for use in a security application around your hunting lease. Other features include lightning fast 0.135 - 0.7 second adjustable trigger speeds, Full HD 1080p video clips and adjustable IR Illumination with Long Range, Fast Motion and Economy modes, to custom tailor your camera for open fields or wooded areas. The Dark Ops FHDR also features a battery meter that is compatible with Alkaline, Rechargeable and Lithium batteries.

“We’re lucky enough to be able to hunt in a bunch of great places across America, but when we get there, we need information to be successful. And our Browning Trail Cameras are great! They have great battery life, they don’t miss pictures and videos, and the quality is so good you don’t have to wonder what you’re looking at!”

GREG ZIPADELLI

Browning Trail Cameras Brand Ambassador and Host at “Drop Zone TV” (Outdoor Channel)

The 2024 Dark Ops HD Pro X 1080 takes footage of wildlife on your property using a **powerful Invisible Infrared flash** that is completely undetectable. This camera is perfect for animals that are easily spooked, or trespassers on your property. Features for this camera include: **1.5" color screen**, all-steel adjustable tree mount bracket, 0.15 second trigger speeds and adjustable IR flash power at night. The Dark Ops Pro X 1080 also shoots Full HD 1080p video with sound and is compatible with SD cards up to 512GB.

ECONOMY CAMERA MOUNT

Model# BTC-ECM

Now there is an affordable way to quickly and easily install your Browning Trail Cameras in the field. The Economy Camera Mount easily screws into any tree giving you a perfect mounting platform. Each package contains 3 All-Steel, powder coated screw mounts.

CAMERA T-POST MOUNT

The all new T-Post Camera Mount is the ideal way to mount your trail cameras along the edge of fenced fields. The T-Post camera mount will mount to either side of nearly every T-Post on your farm or hunting property. The adjustable gimbal mount is ideal for aiming your trail camera at the perfect angle in the field. T-Post Mounts are constructed of powder coated steel for maximum life in the field.

Model# BTC-CTM

CAMERA FIELD MOUNT

The new Camera Field Mount is the perfect solution for mounting your trail camera in fields or areas where there are no trees. The rugged powder coated All-Steel field mount easily stakes into any terrain. The field mount can easily mount up to 2 cameras in the field, and features easy to use gimbal mounts to mount your cameras at the perfect angle.

Model# BTC-CFM

CAMERA TREE MOUNT

Model# BTC-TM

The Camera Tree Mount is the perfect accessory to aid in the placement of your trail cameras. You can now mount your trail cameras to that crooked tree and position the camera perfectly using the built in gimbal mount. The all steel construction ensures there are no plastic pieces to break in the field. The tree mount attaches via a 1/4"-20 threaded insert located in the bottom of most Browning Trail Cameras.

LONG RANGE CELL ANTENNA

The new Long Range Cellular Antenna from Browning Trail Cameras will greatly extend the cellular reception of your camera in remote hunting areas. Now that great hunting spot with limited or no cellular reception can be monitored reliably with a boosted signal. The antenna includes 10 ft of cable and can be mounted above obstructions to get the best cell signal possible in remote areas. The long range antenna accessory is compatible with Browning Vision, Vision Pro and Defender Pro Scout Max HD models. Mounting hardware included.

Model # BTC-LRA

SD CARDS

For maximum trail camera performance, we recommend using Browning brand SD cards in your trail cameras. All of our SD cards are SDHC class 10, ensuring the fastest write speeds for high resolution photos and HD video clips. Our cards are available in 32GB and 64GB capacities.

32GB Model # BTC-32GSD
64GB Model # BTC-64GSD

CAMERA SECURITY BOXES

Cellular Security Box Model# BTC-SB-SM2

The New Cellular Security Box has been custom engineered to allow the greatest cellular reception and transmission of any camera security box on the market today. Specially designed cut outs allow for cellular and GPS signals to interact with the built in or external high gain antennas in Browning cellular cameras.

Fits Models:

BTC-PSM / PSMX, BTC-PSMHD, BTC-VPHD, BTC-4G-V, BTC-VP,
BTC-RLDCP, BTC-DWPS Series Cell cameras.

Model# BTC-SB

Spec Ops, Recon Force, Command Ops HD and Patriot Series Cameras

Model# BTC-SB-SM

Strike Force, Dark Ops and Command Ops Pro Cameras

Our camera security boxes have been designed to ensure your trail camera stays where you put it. The all steel construction ensures maximum protection in the field. The added feature of the camouflage exterior makes your camera nearly impossible to detect in the woods. We offer 3 sizes of security boxes to fit specific cameras in our lineup. The security box can be locked using a standard padlock or a Master Lock Python cable (not included).

BATTERIES

Model# BTC-8AA

Our trail camera batteries have been designed to meet the rigorous demands of today's trail cameras. We know that trail cameras are expected to perform across a wide spectrum of temperature extremes and other environmental stresses. Browning batteries are up to the challenge. Our Alkaline batteries are packed 8 AA per pack and are mercury and cadmium free.

SOLAR CAMERA POWER PACK

Model# BTC-SBP12

The New Solar Camera Power Pack is compatible with all of our trail camera models, and provides a constant power source for your camera in the field. The Power Pack includes 6 AA NiMH rechargeable batteries that are constantly being recharged by the highly efficient solar cell to keep your cameras running strong in the field. The solar pack mounts easily to any tree, or can be used with our line of camera mounts. The solar panel can be easily adjusted to the perfect angle to maximize solar power output.

POWER PACK

Model# BTC-XB

Our Trail Camera Power Pack will extend the battery life of your Browning Trail Camera in the field. This micro sized battery pack holds 8 AA batteries in the same easy to use battery tray used in the trail cameras. Other features include a built in battery tester and a twist lock plug to lock the power adapter to your Browning Trail Camera. Not compatible with Defender 850 or Defender 950 cameras. (batteries not included)
