

BROWNING®

TRAIL CAMERAS

2019

PRODUCT CATALOG

“When you are in the field, there are three things that matter with a trail camera: It needs to be easy to use. It needs to be reliable. It needs to take great pictures and videos. And Browning Trail Cameras do all of that and more and they help us be more successful each and every deer season!”

KANDI KISKY

Browning Trail Camera Ambassador and Host at “Whitetail Freaks” (Outdoor Channel)

BROWNING®

TRAIL CAMERAS

Browning Trail Cameras are designed and manufactured by an avid group of hunters who continually strive to bring the highest performance, most technologically advanced trail cameras with unmatched industry quality to market.

The 2019 Browning Trail Camera line includes cameras with Dual Lens Technology, WiFi and Bluetooth connectivity, true 4K UHD video, 1080p Full HD video @ 60 frames per second and support for SD cards up to 512GB. All of our trail cameras and accessories incorporate ingenuity in design, quality workmanship and materials and are backed by a one year warranty.

Browning Trail Cameras are “The Best There Is”.

“We’re lucky enough to be able to hunt in a bunch of great places across America, but when we get there, we need information to be successful. And our Browning Trail Cameras are great! They have great battery life, they don’t miss pictures and videos, and the quality is so good you don’t have to wonder what you’re looking at!”

GREG ZIPPADELLI

Browning Trail Cameras Ambassador and Host at “Drop Zone” (Outdoor Channel)

COMMAND OPS PRO

- Supports up to 32GB SD Card (not included)
- SD Card Management Feature
- ¼" -20 Tripod Socket
- Compatible with Browning Buck Watch Timelapse Viewer Software

“Since we’re in the field harvesting most of the fall, we just don’t have the time to get out and scout as much as we would like. So we have to depend to our trail cameras to be reliable and get us good quality pictures and videos to be able to pick the right spots when we can get out and hunt. And we know we can trust our Browning Trail Cameras to get us what we need!”

DON KISKY

Browning Trail Camera Ambassador and Host at “Whitetail Freaks” (Outdoor Channel)

The all new T-Post Camera Mount is the ideal way to mount your trail cameras along the edge of fenced fields. The T-Post camera mount will mount to either side of nearly every T-Post on your farm or hunting property. The adjustable gimbal mount is ideal for aiming your trail camera at the perfect angle in the field. T-Post Mounts are constructed of powder coated steel for maximum life in the field.

CAMERA FIELD MOUNT

The new Camera Field Mount is the perfect solution for mounting your trail camera in fields or areas where there are no trees. The rugged powder coated All-Steel field mount easily stakes into any terrain. The field mount can easily mount up to 2 cameras in the field, and features easy to use gimbal mounts to mount your cameras at the perfect angle.

Model# BTC-CFM

TREE MOUNT

Model# BTC-TM

The camera tree mount is the perfect accessory to aid in the placement of your trail cameras. You can now mount your trail cameras to that crooked tree and position the camera perfectly using the built in gimbal mount. The all steel construction ensures there are no plastic pieces to break in the field. The tree mount attaches via a 1/4" -20 threaded insert located in the bottom of most Browning Trail Cameras. Not compatible with Defender camera models.

SD CARDS

For maximum trail camera performance, we recommend using Browning brand SD cards in your trail cameras. All of our SD cards are SDHC class 10, ensuring the fastest write speeds for high resolution photos and HD video clips. Our cards are available in 8, 16 and 32GB capacities.

- 8GB Model# BTC-8GSD
- 16GB Model# BTC-16GSD
- 32GB Model# BTC-32GSD

BATTERIES

Our trail camera batteries have been designed to meet the rigorous demands of today's trail cameras. We know that trail cameras are expected to perform across a wide spectrum of temperature extremes and other environmental stresses. Browning batteries are up to the challenge. Our Alkaline batteries are packed 8 AA per pack and are mercury and cadmium free.

Model# BTC-BAA

SD CARD READERS

Model# BTC-CR-UNI
Model# BTC-CR-AND

Our SD card readers are the perfect way to check your camera pictures in the field using your tablet or smart phone. Simply plug the card reader into your Apple or Android device and view images on your SD card.

(SD card not included)

Model BTC-CR-UNI (Apple™ devices)

Model BTC-CR-AND (Android™ devices)

Model# BTC-SB
Model# BTC-SB-SM

SECURITY BOX

Our camera security boxes have been designed to ensure your trail camera stays where you put it. The all steel construction ensures maximum protection in the field. The added feature of the camouflage exterior makes your camera nearly impossible to detect in the woods. We offer 2 sizes of security boxes to fit specific cameras in our lineup. The security box can be locked using a standard padlock or a Master Lock Python cable (not included).

Not compatible with Defender camera models.

Model# BTC-SB (Spec Ops, Recon Force and Command Ops Series Cameras)

Model# BTC-SB-SM (All Strike Force and Dark Ops Cameras)

PICTURE AND VIDEO VIEWER

The new Browning picture and video viewer was designed for the hunter with multiple cameras in the field. The viewer features a 7" HD viewing screen and a built in rechargeable battery to create an affordable way to view your images and videos in the field without the need for a laptop computer. The viewer allows you to view images or videos right in the field, as well as copy SD cards from multiple cameras directly to a dedicated SD card slot. (SD cards not included)

Model# BTC-VWR

As more and more hunters travel further and further to hunt new states and get into camp with friends and relatives from around the country, Browning Trail Cameras wondered “how can we help make this a better experience for these hunters?” And we came up with our External Power Pack that allows users to connect it to their Browning Trail Cameras and prolong the amazing battery life even more by adding the power of 8 more AA batteries to their set-up! So when hunters get into to camp, they can rest easy knowing that they had the extra battery life needed to not miss a thing. So trust us with your digital scouting. And we’ll see you...in the field.

POWER PACK

Model# BTC-XB

Our Trail Camera Power Pack will extend the battery life of your Browning Trail Camera in the field. This micro sized battery pack holds 8 AA batteries in the same easy to use battery tray used in the trail cameras. Other features include a built in battery tester and a twist lock plug to lock the power adapter to your Browning Trail Camera. Not compatible with Defender camera series.
(batteries not included)
