"When we are in the field, there are three things that matter with a trail camera: It needs to be easy to use. It needs to be reliable. It needs to capture great pictures and videos. Fortunately for us, Browning Trail Cameras do all three of those things and help us be more successful every deer season!"

KANDI KISKY
Browning Trail Camera Ambassador and Host at "Whitetail Freaks" (Outdoor Channel)

BROWNING
TRAIL CAMERAS

Browning Trail Cameras are designed and manufactured by an avid group of hunters who constantly strive to deliver the highest performance trail cameras to market through innovation and cutting edge technology. With unmatched quality, once you have used a Browning Trail Camera, you will agree that the experience is second to none.

So please take a moment and let us know how we can meet your trail camera needs this year with our impressive selection of 2020 Browning Trail Cameras. Whether you are looking for our exciting NEW cellular cameras that work on nationwide 4G LTE networks, our ground breaking Dual Lens Technology cameras, the best in 4K UHD video at 30 frames per second, or our industry defining 1080p full HD video at 60 frames per second, we have the products you need for a successful 2020. All of our trail cameras and accessories incorporate ingenuity in design, quality workmanship and materials that are backed by a one year warranty.
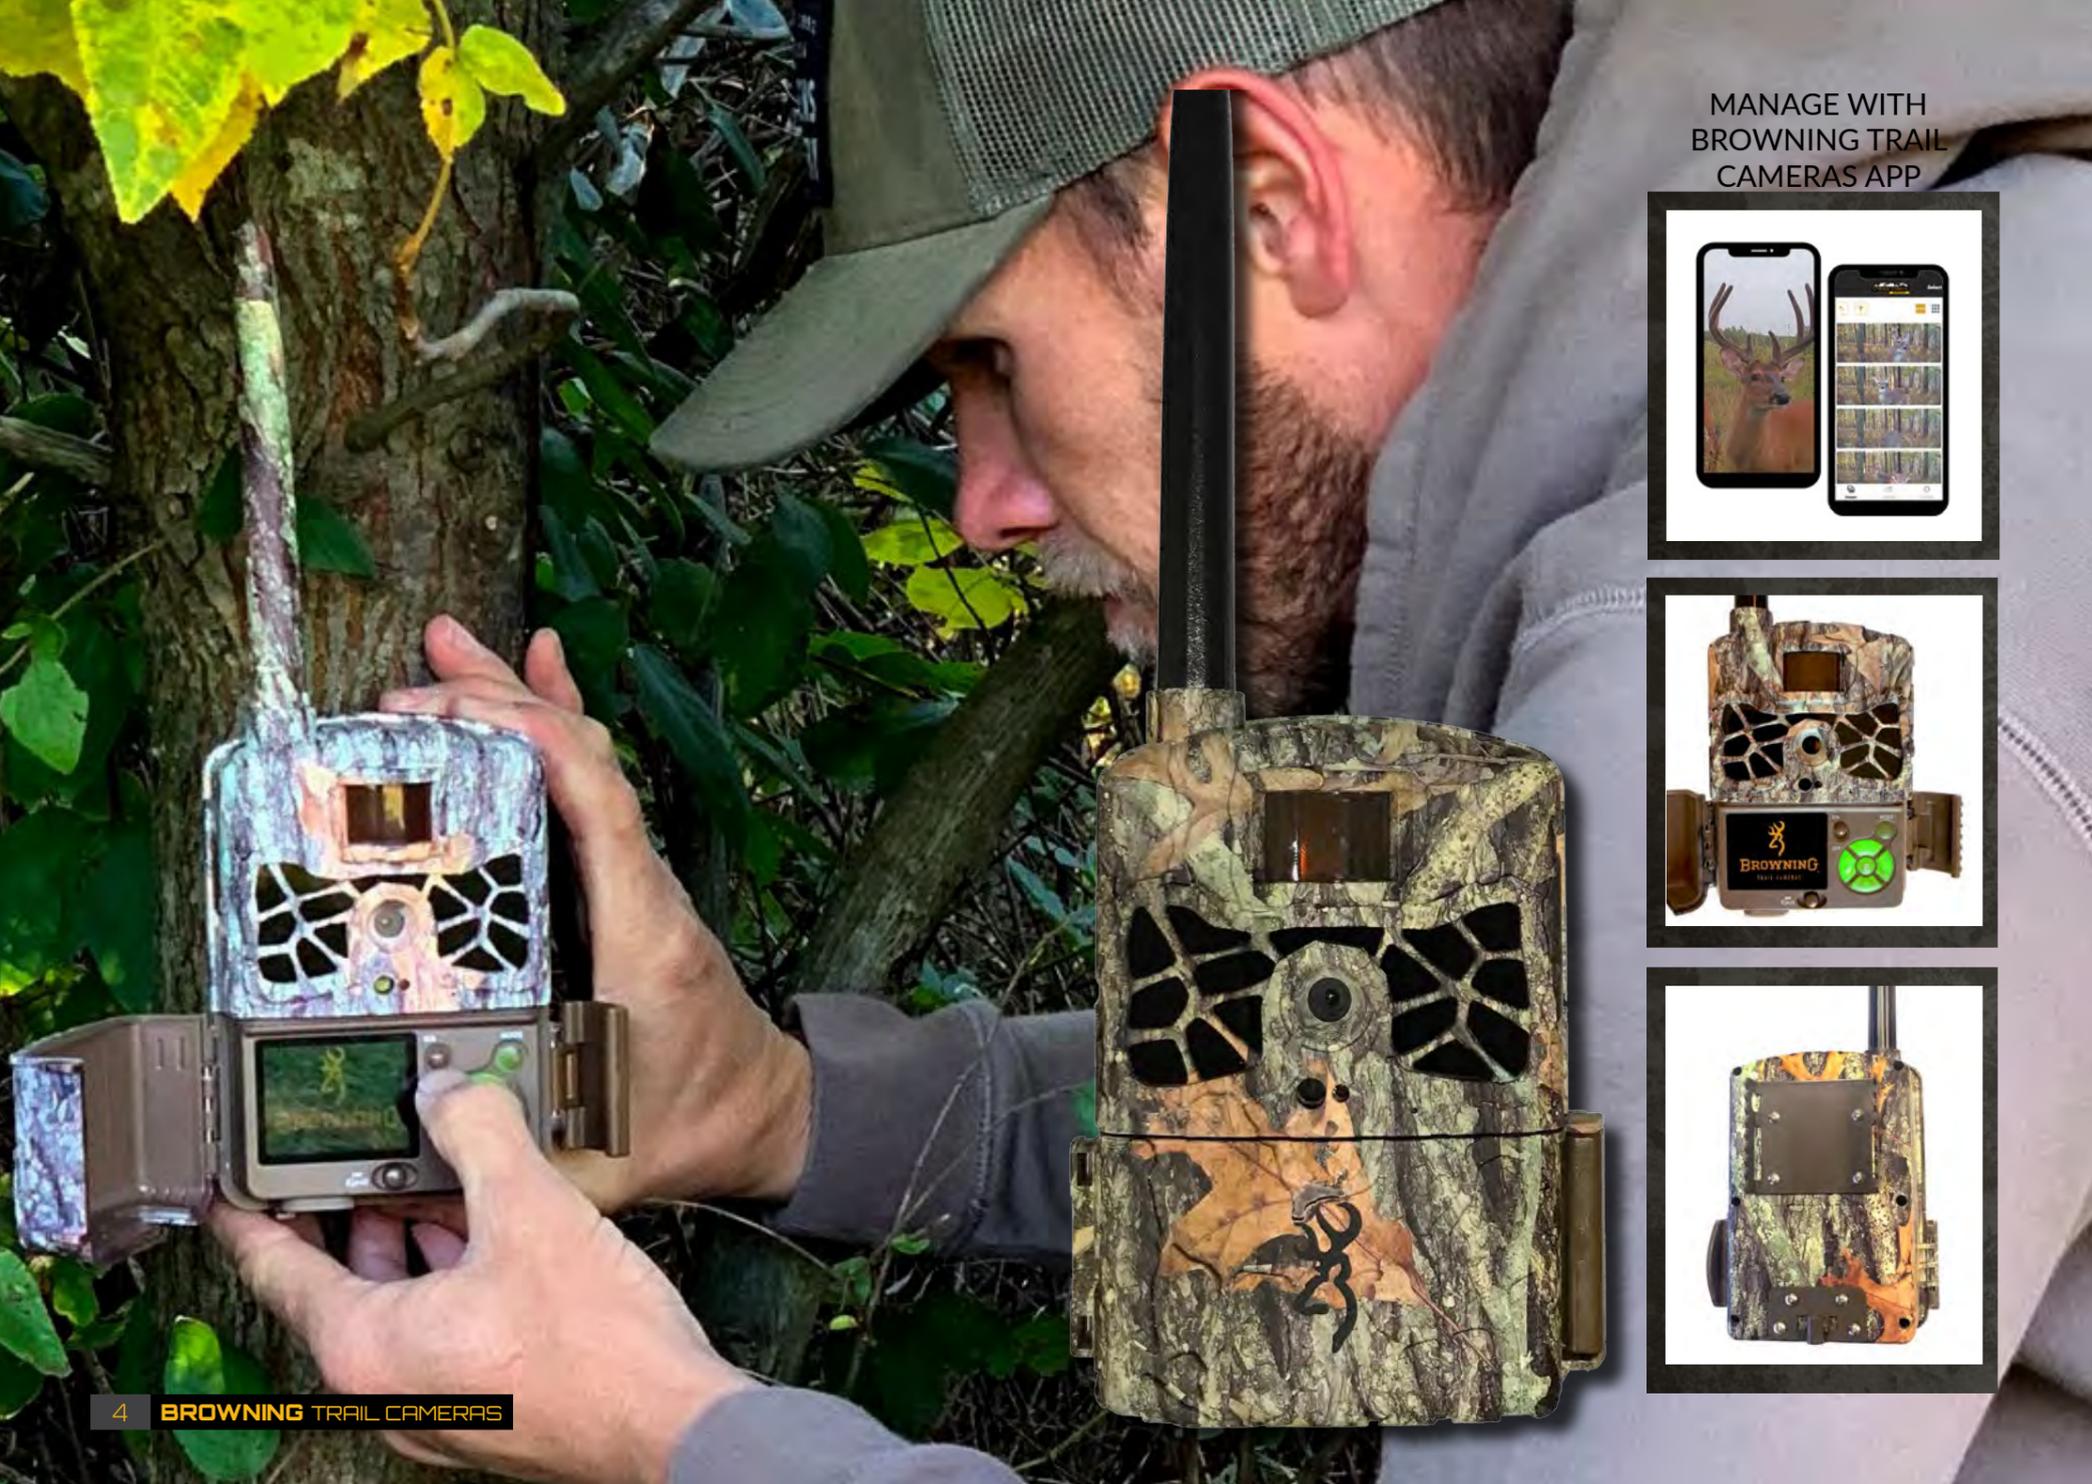

Browning Trail Cameras are "The Best There Is".

DEFENDER WIRELESS

The Defender Wireless Cellular Trail Camera has been designed to be the ultimate remote game scouting tool. The Defender Wireless camera is the perfect camera to operate on remote hunting properties with limited access, as well as sensitive areas where game does not need to be disturbed such as rublines, scrapes, or other key hunting areas. The Defender Wireless trail camera operates in either a long range low glow Infrared flash mode, or can go completely undetectable using the Invisible IR mode, which is great for game that is easily spooked, or a security application. Transmit HD images and Video clips over a nationwide 4G LTE network from your favorite hunting spot right to your laptop or mobile device using the Strike Force Wireless management system.
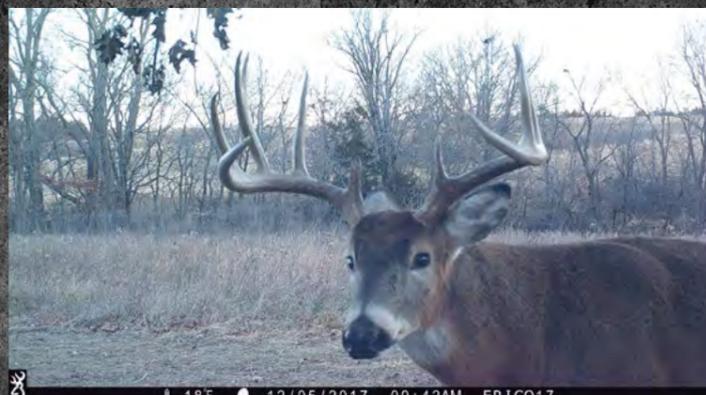

Camera Features

- 20 MP
- 2" Color Viewing Screen
- 120 ft. Long Range Infrared Illumination at Night
- 80 Ft. Invisible Infrared Illumination at Night
- Adjustable IR Flash (Power Save, Long Range, Fast Motion)
- 0.2 - 0.7 second Adjustable Trigger Speed
- 1920 x 1080 FHD Videos with Sound (5 sec.- 2 min. length)
- Adjustable Detection Range up to 80 ft.
- 0.6 Second Recovery Time between Images
- Illuma-Smart Technology Automatically adjusts IR Flash for Perfect Night Photos
- SD Card Management Options

- Smart IR Video
- Long Battery Life from 16 AA batteries (not included)
- Battery Meter Functions with Alkaline and Lithium Batteries
- Up to 8 Multi Shot Images
- Up to 8 Rapid Fire Images
- Programmable Picture Delay (1 sec. – 60 min.)

"In an effort to constantly find ways to capture the best trail camera images and videos, we learned that the best way to do that was by having a separate set of components for both daytime and nighttime conditions. That led us to our Dual Lens Technology that has raised the bar yet again to continues to make us the leader in trail camera image and video quality."

"Between having young children and a busy competitive archery season, we don't always have a lot of time for scouting. So our cameras have to come through for us and be our eyes and ears in the woods when we can't be there...and we can always count on Browning Trail Cameras to do the job! "

Browning Trail Camera Ambassador and Host at "Bow Life" (Sportsman Channel)

ECONOMY CAMERA MOUNTS

Model# BTC-ECM

Now there is an affordable way to quickly and easily install your Browning Trail Cameras in the field. The Economy Camera Mounts easily screws into any tree giving you a perfect mounting platform. Each package contains 3 All-Steel, powder coated screw mounts.

CAMERA T-POST MOUNT

The all new T-Post Camera Mount is the ideal way to mount your trail cameras along the edge of fenced fields. The T-Post camera mount will mount to either side of nearly every T-Post on your farm or hunting property. The adjustable gimbal mount is ideal for aiming your trail camera at the perfect angle in the field. T-Post Mounts are constructed of powder coated steel for maximum life in the field.

Model# BTC-CTM

CAMERA FIELD MOUNT

The new Camera Field Mount is the perfect solution for mounting your trail camera in fields or areas where there are no trees. The rugged powder coated All-Steel field mount easily stakes into any terrain. The field mount can easily mount up to 2 cameras in the field, and features easy to use gimbal mounts to mount your cameras at the perfect angle.

Model# BTC-CFM

TREE MOUNT

Model# BTC-TM

The camera tree mount is the perfect accessory to aid in the placement of your trail cameras. You can now mount your trail cameras to that crooked tree and position the camera perfectly using the built in gimbal mount. The all steel construction ensures there are no plastic pieces to break in the field. The tree mount attaches via a ¼" -20 threaded insert located in the bottom of most Browning Trail Cameras. Not compatible with Defender camera models.

SD CARDS

For maximum trail camera performance, we recommend using Browning brand SD cards in your trail cameras. All of our SD cards are SDHC class 10, ensuring the fastest write speeds for high resolution photos and HD video clips. Our cards are available in 8, 16 and 32GB capacities.

8GB Model# BTC-8GSD
16GB Model# BTC-16GSD
32GB Model # BTC-32GSD

BATTERIES

Our trail camera batteries have been designed to meet the rigorous demands of today's trail cameras. We know that trail cameras are expected to perform across a wide spectrum of temperature extremes and other environmental stresses. Browning batteries are up to the challenge. Our Alkaline batteries are packed 8 AA per pack and are mercury and cadmium free.

Model# BTC-8AA

SD CARD READERS

Model# BTC-CR-UNI
Model# BTC-CR-AND

Our SD card readers are the perfect way to check your camera pictures in the field using your tablet or smart phone. Simply plug the card reader into your Apple or Android device and view images on your SD card.
(SD card not included)
Model BTC-CR-UNI (Apple™ devices)
Model BTC-CR-AND (Android™ devices)

SECURITY BOX

Our camera security boxes have been designed to ensure your trail camera stays where you put it. The all steel construction ensures maximum protection in the field. The added feature of the camouflage exterior makes your camera nearly impossible to detect in the woods. We offer 3 sizes of security boxes to fit specific cameras in our lineup. The security box can be locked using a standard padlock or a Master Lock Python cable (not included). Now available for Defender Wireless. (Not compatible with Defender 850 or Defender 940 cameras.)

Model# BTC-SB-SM   (All Strike Force, Dark Ops and Command Ops Pro camera models)
BTC-SB-DW (fits Cellular camera models)

PICTURE AND VIDEO VIEWER

The new Browning picture and video viewer was designed for the hunter with multiple cameras in the field. The viewer features a 7" HD viewing screen and a built in rechargeable battery to create an affordable way to view your images and videos in the field without the need for a laptop computer. The viewer allows you to view images or videos right in the field, as well as copy SD cards from multiple cameras directly to a dedicated SD card slot.
(SD cards not included)

Model# BTC-VWR

SOLAR CAMERA POWER PACK

Model# BTC-SBP12

The New Solar Camera Power Pack is compatible with all of our trail camera models, and provides a constant power source for your camera in the field. The Power pack includes 6 AA NiMH rechargeable batteries that are constantly being recharged by the highly efficient solar cell to keep your cameras running strong in the field. The solar pack mounts easily to any tree, or can be used with our line of camera mounts. The solar panel can be easily adjusted to the perfect angle to maximize solar power output.

POWER PACK

Model# BTC-XB

Our Trail Camera Power Pack will extend the battery life of your Browning Trail Camera in the field. This micro sized battery pack holds 8 AA batteries in the same easy to use battery tray used in the trail cameras. Other features include a built in battery tester and a twist lock plug to lock the power adapter to your Browning Trail Camera. Not compatible with Defender 850 or Defender 950 cameras.
(batteries not included)
